Part B 1.3 Feedback

Feedback Process
<p>Over the years the college has evolved certain mechanisms for obtaining feedback from students and parents.</p> <ul style="list-style-type: none">• A set of formats have been designed by the IQAC for the assessment of teachers by students.• The college follows teacher-guardian scheme under which every teacher is allotted about fifty students guardianship. Two meetings with the parents of these students are held in which the problems faced by their children or any suggestions are discussed and noted down in a register maintained by the teacher.• There is also a facility of complaint box in which the students can lodge their complaints regarding teachers, office and any other problems faced by them in the campus. <p>Separate committees are constituted for the analysis of the collected information. There is also a grievance redressal cell which collects the complaints from the box and discusses with the principal. Consequently necessary action is taken by the principal</p>
